

Complex Logistics,  
Simple Solutions

Frontier is an industry leader and expert in North American Logistics providing services for all businesses, no matter the size.

Frontier's logistics and fulfillment strategies are specifically tailored to each client's specific needs, providing businesses with the simplest solutions for their complex logistics problems.

#### FRONTIER SERVICES INCLUDE:

- **U.S. Based Fulfillment:** Frontier's U.S. based fulfillment through the Non Resident Importer program allows American firms easy access to the Canadian market from their American inventory while providing a simple domestic sales transaction for their Canadian clients. This cost effective fulfillment strategy can help increase an American firms sales by 10% or more.
- **Pick and Pack Order Fulfillment:** Frontier is fully capable of offering a complete Pick and Pack Order Fulfillment solution for your Canadian distribution. Using a simple "pay what you use" billing model, Frontier allows you to pick the exact services your Canadian distribution requires, and pay only for those services you use.
- **Consolidate and Cross Dock Solutions:** Using a Consolidate and Cross Dock solution allows Frontier to pick up your goods, direct from your U.S. factories or distribution centers, and deliver them directly to your Canadian customers doors. Frontier uses a network of carriers to achieve the best service at the best price while simplifying the process for our customers.
- **More Than Door to Door:** Frontier offers more than just Door to Door delivery. Our carriers offer three levels of service, standard, superior and elite, for all needs and budgets
- **Custom Canadian Warehousing:** We provide strategically located Canadian storage facilities for all your Canadian warehousing and distribution needs. These warehousing solutions can be customized to fit your business's needs and can be coupled with our Pick and Pack Order Fulfillment to create an easily customized, complete Canadian distribution strategy.
- **Drop Shipment Strategies:** Frontier's Drop-Shipment Strategies allow both American and Canadian based firms to have all of their U.S. suppliers ship direct to one of our American cross-dock facilities. From here Frontier manages all documentation and transportation, allowing both U.S. and Canadian clients access to customs and freight discounts, while removing the need for U.S. distribution, inventory, and order handling costs.
- **Reverse Logistics:** Complete Reverse Logistics Management is available from Frontier allowing you clients to ship to a local Canadian return center. Furthermore we'll consolidate your returns to save you money on customs brokerage and transportation fee's as well as offering complete destroy and disposal services to create the simplest Returns strategy possible.
