Trade Management Service

Smarter with Frontier!

Our professionals provide support to assist with Trade Facilitation Programs, Customs Compliance, Security, and Border Security Preparation in reducing the risk of penalties and ensuring a strong supply chain across borders.

We offer a monthly Trade Compliance Service for ongoing assistance and seamless operations.

BENEFITS:

- Decrease operating costs to reduce trade expenses and stay ahead of the competition.
- Strengthen relationships with trade partners by facilitating supply chain reliability at the Canadian border, and avoid unexpected delays.
- Minimize the risk of costly penalties with accurate tariff classification. Our experts are highly knowledgeable about the details of your products, ensuring that all requirements are met.
